occasional strong winds blowing down slopes of YARDA Mountains have tendency to drive ships at anchor onto Western shore.

25X1

(c) Weather was chilly and rainy.

25X1

(d) Buoy at designator D is relocated at position designated E; buoys at designator F have been removed; buoy at designator G on "Middle Ground" is very low in water and particular attention must be directed to finding it. At positions designated H fixed green lights have been erected. At position I there is a fixed green light. At position J there is a fixed red light.

4. Harbor area of pier No 4, designated K, still demolished and considerable debris from this pier has fallen into harbor and constitutes navigational hazard. Pier No 3, designated L, appears to be used for passenger ships. Harbor Authority offices are reported to be in a white building, designator M. a "barge" along west mole and another alongside Naval Base. No new harbor repair or construction was noted. Appearance and condition were termed lousy."

5. Controls

25X1

At designator N a control gate is placed athwart pier number 5.

6. Harbor Craft At designator O coast-guard type patrol boats.

7. Berth

25X1

most oil taken at Novorossiysk comes from railway tank cars and is pumped from these into storage tanks and thence to ships.

8. Military Installations At area designated Q existence of Naval Base is confirmed. At position R a new naval building of permanent sandstone-like construction and of the relative size indicated on chart. Buildings designated S seem to be an army installation. troops drilling in front of old Admiralty buildings. These troops seemed to be recruits. They were being drilled in units of about 24 men. army troops marching through streets quite often the soldiers looked "very good", i.e., well groomed, disciplined. A high percentage of officer personnel is reported. General impression of subject port was that of an armed camp; there were very few men in Novorossiysk not in uniform.
